

Craftsman Custom Metals, LLC

Experts in Design, Prototyping and Manufacture of Precision Integrated Metal Components and Products

CAPABILITIES SUMMARY

Mission	C(Cm) is a custom manufacturer with a state-of-the-art cellular approach and lean manufacturing process. We translate your vision into the efficient production of a high quality product.	
Clients	<u>Types of Clients Served</u> <ul style="list-style-type: none"> • Defense • Manufacturing • Telecommunications • Medical Instrumentation • Industrial Electronics 	<u>Representative Clients:</u> <ul style="list-style-type: none"> • Intel • Alcatel-Lucent • GE Medical • HP • Motorola
Services	<u>Manufacturing</u> <ul style="list-style-type: none"> • Metal Fabrication • Metal Stamping • Precision Machining & Welding • High-Level Assembly (HLA) • Electronics Sourcing / Integration / Testing • International Manufacturing 	<u>Engineering</u> <ul style="list-style-type: none"> • Design Engineering • Reverse Engineering • Rapid Prototyping
NAICS Codes	<u>NAICS Codes</u> <ul style="list-style-type: none"> • 332999 - All Other Miscellaneous Fabricated Metal Product Manufacturing (Primary) • 332313 - Plate Work Manufacturing • 332311 - Prefabricated Metal Building and Component Manufacturing • 332312 - Fabricated Structural Metal Manufacturing 	<ul style="list-style-type: none"> • 332510 - Hardware Manufacturing • 332710 - Machine Shops • 335999 – All Other Miscellaneous Electrical Equipment and Component Manufacturing
Established	1952	
Owner	Julio Gesklin, President & CEO	
Why We're Different	<ul style="list-style-type: none"> • Quality: Our PPM quality rating and on-time delivery statistics are second to none. • Challenging Cases: C(Cm) welcomes manufactured parts utilizing complex materials and/or geometry. • Flexibility: Specializing in prototype and low-to-medium volume (high-mix) production. • Capacity: Modern 65,000 square foot manufacturing plant utilizes 70 highly skilled employees, and encompasses access to industry partners to provide additional surge capacity. • Logistics: Strategically located minutes from O'Hare International Airport, C(Cm) is convenient for site visits and optimal for shipping logistics. • Speed: Rapid prototyping and production fabrication intuitively mirrors client demand. • Technology: State-of-the art Computer Numerically Controlled (CNC) machinery. • Creativity: Leveraging our 59 years of custom engineering experience and continuing education has driven innovation of new ideas and products. • Value Engineering: Company culture invokes value engineering solutions to optimize material, design, and/or manufacturing costs. 	
Certifications	<ul style="list-style-type: none"> • ISO: 9001-2008 • ITAR ~ Registrant Code M23038 • UL ~ Underwriters Laboratories • Qmed ~ Qmed Qualified Supplier
